

Fingerprint Associates Limited

The Sidings
Irthlingborough, Northamptonshire NN9 5RZ
United Kingdom

Telephone: 07846 401211
Fax: 01604 533409

One of the great strengths of the UK's Criminal Justice System is the ability of the Defence to view and question the evidence of the Prosecution, and if your case is based around the identification of an individual through a fingerprint, how can you be assured that the evidence offered is fair, unbiased and above all else, accurate. Based in the United Kingdom, but with proven International experience (reports produced during 2011 have led to Court appearances in Hong Kong and Nigeria), we have over 65 years combined fingerprint expertise within Fingerprint Associates. From a simple comparison of two fingerprints to a full evidential package, Fingerprint Associates offers a confidential service adaptable to the specific needs of the customer.
