There are many 'claims management' companies in Britain, who, in our opinion, are simply 'middle men' seeking to profit from the misfortunes of others.

In many cases, while they talk about 'no win no fee', their fees when you do win are extremely high, and can cut down the amount of compensation you receive quite dramatically. So if anyone offers you a 'no win no fee' service, it's worth finding out exactly what their fee will be and what deductions they will make in the event that they do win your case.

At InjuryLawyers4U, there are no middle men: just a promise that you will receive 100% of any compensation we achieve on your behalf.
