We're UK Inheritance Research - Specialists in all forms of Probate Genealogy and Probate Research to trace and locate Missing Beneficiaries when there is a Missing Will. We assist the legal profession in locating unknown and missing beneficiaries to unclaimed estates. When there is no Will that person has died intestate, we research their family tree to trace their next-of-kin. We are based in the heart of the Cotswold's, however, our team of extremely dedicated and proactive researchers combine knowledge and resources to trace thousands of missing beneficiaries worldwide provided support services to legal and public sectors, including dormant funds and derelict properties. We provide support in the following areas: Missing Beneficiaries Will Search Service Dormant Accounts Family Tree Verification Official Documents Estate Distribution
