We are a UK-based company providing a cost-effective, reliable and accurate transcription service to the legal profession including: solicitors, barristers, chambers, judges, expert witnesses such as independent social workers, medical experts, etc. We also provide transcription services to non-legal corporate entities, individuals and students. Our services include: general transcription, correspondence, file notes, reports, theses, manuscripts, one-to-one interviews, multi-speaker meetings. All transcription is undertaken by UK-based typists experienced in various areas of the law including: personal injury, litigation, crime, probate, family, child law, immigration, company, commercial and residential conveyancing. They have excellent word processing skills with a sound knowledge base in pagination, cross-referencing, automatic numbering, indexing, styles, Excel spreadsheets, etc. and are well-versed in legal and medico-legal terminology.
